The UK Data Service Census Support postcode data selector (<http://census.edina.ac.uk/pds.html>) was used to create a postcode to parish look up table (directory version Nov 2015) and the associated data was extracted from the price paid data report builder (<http://landregistry.data.gov.uk/app/ppd>) on 29.7.17. NB there can be a delay in records being added to the price paid data time series and consequently some transactions may not appear in this data capture. Coding errors can also lead to some transactions being excluded from PPD.
